

Subject: AAMFT Call to Change: Member Replies Urgently Requested

Dear AAMFT Member:

If you would like broad, sweeping change to the leadership and direction of the American Association for Marriage and Family Therapy, please join our grassroots effort now.

Attached you will find the Call for Change proposal and the growing list of over 100 MFT leaders and members who have already signed on. We are hoping to obtain 1,000+ signatures to deliver to the AAMFT Board before the AAMFT's Futures Task Force meeting in Alexandria, VA on July 22nd.

What you can do by July 21 to initiate change at the AAMFT:

- Send an email to mfters@yahoo.com voicing your support for the Call to Change proposal.
 - Please include your name, your credentials, your membership status (Student, Associate, Clinical Member, Former Member), and any current or past Board position you've held in your state and/or nationally.
- After signing your support of the Call to Change, join the lively dialogue at our google discussion group and make your voice heard. Sign up by sending your email to mfts-call-for-change@googlegroups.com

Be a part of the evolution of our field,

The MFTs Call for Change Movement

P.S. We are also attaching a brief chronology of events to bring you up to speed with the movement as well as a sample letter to the AAMFT board from a member of the movement.

P.P.S. Please note that this is an organic, fast-paced, grass roots movement and as a result there are many communications that are being shared and distributed within our member community. Have patience to sort through some of them and take initiative to get any questions answered by reaching out to mfters@yahoo.com or calling a colleague who can share history and context.
